In actual fact, the next step is to take a lot of pictures. Like it or not, it is most probably that the vast majority of your exposures will be thrown away, especially if you are working outside and there is any kind of breeze causing your subject to move. With focus so critical this close to the subject,...

Chase this down, I've always been amazed at how even the most overloaded resource will take an hour out of their day to teach someone who is genuinely willing to learn. For the SAP training, a 3-5 day course is not cheap (3-6K), but the things you learn you can apply the day you get back to the office.

### **How hard is SAP to learn? Possible to self teach?**

During a teaching session about self-monitoring while taking a beta-blocker at home, the nurse has taught a patient to take his apical pulse daily for 1 minute. If the pulse rate decreases to less than 60 per minute, he should be instructed to A. contact his physician for instructions. B. reduce the

dose of his beta-blocker by half.
